

Scrum Master Certified (SMC™) professionals are facilitators who ensure that the Scrum Team is provided with an environment conducive to completing the project successfully. The Scrum Master guides, facilitates, and teaches Scrum practices to everyone involved in the project; clears impediments for the team; and, ensure that Scrum processes are being followed. Successful candidates will be awarded the Scrum Master Certified (SMC™) certification by SCRUMstudy after passing the certification exam.

## What skills will the student gain?

After the completion of this course, the student will be able to:

- Understand the processes of Agile
- Learn about the Scrum Framework, Scrum Roles etc
- Learn about the core processes of Scrum
- Learn about facilitating processes of Quality, Human Resources, Communication and Risk.
- Learn how to use the Scrum Book to prepare for the exam
- Ascertain level of readiness for taking the Examination.

## Cost of Scrum Master Certification

The certification cost includes 2 days of training followed by online exam. Voucher for the exam will be provided. Certification Exam is conducted by ScrumStudy. Fees: Rs. 22,000

## Who are we?

Palium is a training organization conducting trainings on Functional, Soft-Skills, IT and Project Management areas. We have conducted trainings for leading corporates like ITC, JUSCO, CMS and many others. We also conduct trainings on Primavera P6, MS Project and other Project Management related topics.

Palium works with PowertrackService, an approved REP of ScrumStudy Institute. It has conducted numerous such programs and has helped individuals to achieve certification and work successfully in the Project Management domain.
